

Stone Quarry Machinery- Mini Wire Saw

Mini Wire Saw with light weight and compact structure mainly used for squaring large block in natural stone quarry and the controlled demolition work with easy movement.

Main Technical Parameters are as below:

Model	Main Motor	Speed Setting	Application	Remark
LQ-WSM-11BD	11KWS	0-40M/S	For block trimming of natural stone and controlled demolition	Standard power supply 3phases, 380volts,50Herz Modification or transformer will be need for other power standard
LQ-WSM-15BD	15KWS	0-40M/S		
LQ-WSM-18.5BD	18.5KWS	0-40M/S
